

TENTATIVE FEE AND CHARGES

1. apnafood Platform Ready to Eat Food Category Consideration: 20% (Including 10% customer share capital)
2. apnafood Platform Fresh Food (Dairy, Fish, Meat, Poultry, Meat and Fruits) Categories Consideration: 8% (Including 4% customer share capital)
3. apnafood Platform Grocery Food Category Consideration: 8% (Including 4% customer share capital)
4. apnaride Platform Two-wheeler Consideration: 10% (Including 5% customer share capital)
5. apnaride Platform Autorickshaw Consideration: 10% (Including 5% customer share capital)
6. apnaride Platform Car and SUV Consideration: 20%(Including 10% customer share capital)
7. apnaservices Platform All Services Consideration: 10% (Including 5% customer share capital)
8. apnacart B2C Platform: 8% (Variable based on Product Types) (Including 4% customer share capital)
9. apnacart B2B Platform: 2% (No Share Allocation)
10. Food delivery within a 2km radius: Rs.40/- for up to 2Kg, and for every additional 1/2kg, Rs.10/-.

Note: Please note that delivery charges do not generate revenue for the ecosystem, and are instead passed on to our delivery partners without any deductions. Currently, during our initial launch phase, we are unable to offer deliveries beyond a 2km radius on the apnafood platform. However, in our next phase of feature additions, we plan to introduce Hop/Relay services that will enable us to cover longer distances within a district and even cross district borders. In addition, we will also be offering dine-out options and subscription services for customers with special requirements. We are also working on introducing reusable utensils that will be sterilized and managed by SHGs to ensure that our food supply chains generate zero waste from non-biodegradable packaging materials. Charges that are not listed above will be added to this page in due course. All the above figures are tentative and are subject to modification based on consensus with stakeholders from time to time.
